

# INTEGRATED SITE NETWORK FOR HIGH-QUALITY CLINICAL TRIALS

Revival's Site Network is a leading integrated research site network dedicated to serving diverse patient populations, delivering clean, query-free data, and providing quality, patient-centric care. We streamline and optimize trial processes by integrating innovative technologies, reducing risks, minimizing errors, and improving trial efficiency for clean data.

## 25+

Research Sites  
across the  
United States

**Revival Research Institute delivers high-performing clinical sites built for speed, quality, and consistency.**

### Speed & Scale

Rapid startup,  
nationwide footprint,  
and diverse patient  
access.

### Quality & Precision

Query-free data,  
regulatory  
compliance, and  
strong PI oversight.

### Trust & Partnership

Transparent  
communication and  
long-term sponsor  
alignment.

## Our Measurable Impact

**10K+** Patients Screened

**120+** Active Studies

**30+** Principal Investigators

**12+** Therapeutic Areas

**95%** Patient Retention Rate

## Governed By Our Pillars of Excellence

### Fast Study Start-Up

Accelerated site activation and streamlined processes to launch trials without delay.

### Highest Patient Recruitment

Proven enrollment performance across diverse and hard-to-reach populations.

### Query-Free Data

Reliable, compliant, and clean data backed by strong PI oversight and centralized QA.

## Always Ready To Empower Your Clinical Trials

We are committed to advancing research partnerships through innovation & operational excellence.

- ✓ Access to Diverse & Underrepresented Populations
- ✓ Centralized Systems with Local Site Expertise
- ✓ Seamless Collaboration Across 25+ Sites Nationwide
- ✓ Proven Success in Hard-to-Reach Indications
- ✓ Building Long-Term Value for Sponsors & CROs
