# Asad Karim M.D.

---

Cardiology

**Years of Experience**  
35+ years

## Dr. Karim's Background & Experience

Based in Sherman, Texas, Dr. Asad Karim is one of the most recognized cardiologists in the region. With extensive expertise in Cardiovascular Disease and Interventional Cardiology, Dr. Karim has cared for patients in both research and hospital settings. He currently practices at the Cardiovascular Wellness Center of Texas and is affiliated with Baylor Scott & White Medical Center.

Throughout his career, Dr. Karim has performed over 15,000 coronary and peripheral diagnostic and interventional procedures, including device implantations. His deep knowledge of cardiovascular diseases and related indications has positioned him as a Principal Investigator for multiple Phase 2 and 3 cardiology clinical trials at Revival Research Institute.

## Clinical Practice and Expertise

Since 2000, Dr. Karim has been in private practice, managing cardiovascular conditions at two locations in Sherman and McKinney, Texas. He treats a wide range of conditions, including myocarditis and atrial fibrillation, and provides comprehensive cardiovascular services such as lipid and metabolic disorder management, cardiac stress testing, echocardiography, and pacemaker and defibrillator follow-ups. His extensive experience includes performing over 15,000 coronary and peripheral diagnostic and interventional procedures. Each year, Dr. Karim conducts approximately 150 cardiac catheterizations, 30 pacemaker and ICD implants, and interprets more than 750 echocardiograms.

## Research Involvement and Clinical Trials

Dr. Karim has been actively involved in clinical research since 2019 as a Principal Investigator with Revival Research Institute, leading trials in areas such as hypertension, chronic kidney disease, acute coronary syndrome, and myocardial infarction. Prior to joining Revival, he independently led eight clinical trials. Dr. Karim's research site is supported by a well-trained staff and is fully equipped with essential clinical trial tools, including centrifuges, ECG machines, and locked storage for study materials. His team is dedicated to delivering high-quality data and exceptional patient care to all research participants.

## Education & Experience

Having completed his residency at St. Louis University School of Medicine and Loyola University Hospital, Dr. Karim brings over 30 years of experience in both hospital and research settings. He has extensive expertise in Cardiovascular Disease and Interventional Cardiology.

### Education

**St. Louis University Medical Center**  
Fellowship, 1993

**Loyola University Hospital**  
Fellowship Hospital, 1990

**Loyola University Med Center Program**  
Residency, 1989

**Loyola University Med Ctr/Hines VA Hospital**  
Internship, 1987

**Dow University Of Health Sciences**  
Medical School, 1985

### Board Certifications

Cardiovascular Disease  
**American Board of Internal Medicine/Cardiovascular Disease**

Internal Medicine  
**American Board of Internal Medicine**

Interventional Cardiology  
**American Board of Internal Medicine/Interventional Cardiology**

### Field of Experience

Cardiovascular Disease,  
Interventional Cardiology &  
Internal Medicine
