Dr. Husain's Background & Experience

Dr. Zain Husain is a board-certified dermatologist and fellowship-trained Mohs micrographic surgeon with over a decade of clinical experience. He earned his M.D. from Rutgers New Jersey Medical School. Since 2010, she has actively served as a Principal Investigator and Sub-Investigator in numerous clinical trials, collaborating with major pharmaceutical companies and clinical research organizations. at Georgetown University Hospital, and pursued advanced training in dermatologic surgery and cosmetic dermatology at Montefiore Medical Center. Dr. Husain has held leadership roles in multiple dermatology practices and has served as a Clinical Instructor at George Washington University.

Specialized Clinical Focus

Dr. Husain's clinical expertise lies in the diagnosis and treatment of complex skin cancers, with a subspecialty in Mohs micrographic surgery and advanced reconstructive techniques. He also maintains a strong focus on cosmetic dermatology, including laser treatments and aesthetic procedures. This dual capability enables him to provide comprehensive, patient-centered dermatologic care—from life-saving interventions to confidence-enhancing treatments.

Academic Contributions & Publications

Dr. Husain has authored over 20 peer-reviewed publications on topics including dermatologic surgery, melanoma, laser therapy, and complex reconstructions, with his work featured in leading journals such as *Dermatologic Surgery* and *JAAD*. He has presented at national conferences and contributed to clinical education through his role as a Clinical Instructor. With a strong academic foundation, surgical expertise, and a commitment to advancing patient care, Dr. Husain is an outstanding addition to Revival's Investigators Network as a Principal Investigator.
