

ADVANCING RESEARCH, TRANSFORMING LIVES

COMPANY OVERVIEW

Revival Site Network is a multi-disciplinary clinical research organization dedicated to simplifying clinical trials for sponsors while expanding access for patients.

From feasibility and study start-up to recruitment, data management, and close-out, we manage every stage under one ecosystem.

MISSION

To bring clinical research closer to communities while delivering trials that are **faster, reliable, and patient-centered**.

VISION

To set the benchmark for community driven clinical research, where every trial is efficient, inclusive, and trusted.
