Mohammad Shahzeb Khan

M.D., M.Sc.

Internal Medicine & Cardiovascular Disease

Dr. Khan's Background & Experience

Dr. Khan is an internationally recognized cardiologist specializing in cardiometabolic diseases, cardio-oncology, and heart failure. Board-certified in cardiovascular medicine with advanced training in all cardiac imaging modalities, he has authored over 400 peer-reviewed publications and contributed to pivotal clinical trials.

As an associate editor for Heart Failure Reviews and European Society of Cardiology-Heart Failure, Dr. Khan combines research expertise with compassionate, patient-centered care, focusing on quality of life, preventive cardiology, and drug development for cardiometabolic therapies.

Clinical Practice & Expertise

Dr. Khan is a board-certified cardiologist specializing in cardiometabolic diseases, heart failure, and cardio-oncology. He provides comprehensive cardiovascular care to adults and geriatric patients, with expertise in advanced cardiac imaging, including echocardiography, cardiac CT, MRI, nuclear imaging, and vascular ultrasound. Committed to patient-centered care, he focuses on improving quality of life and managing complex conditions such as obesity, diabetes, and lipid disorders. Dr. Khan is actively involved in clinical trials and innovative cardiometabolic therapy development.

Research Involvement & Clinical Trials

We are proud to have Dr. Khan as a sub-PI at Revival Research Institute. His contributions to cardiometabolic clinical trials are truly remarkable—shaping protocols, guiding patient recruitment, and leveraging cutting-edge biomarkers and imaging endpoints. Beyond his scientific expertise, he inspires our research teams and trainees, fostering excellence at every step. His dedication and insight elevate every study he touches, making his impact on translational cardiovascular research nothing short of impressive.

Mohammad Shahzeb Khan

M.D., M.Sc.

Internal Medicine & Cardiovascular Disease

Education & Experience

Dr. Khan earned his medical degree from Dow University of Health Sciences and completed his internship and residency in Internal Medicine at Stroger Hospital of Cook County, IL. He pursued advanced cardiology training through a fellowship at Duke University Hospital School of Medicine. Board-certified in Internal Medicine and Cardiovascular Disease, Dr. Khan combines extensive clinical experience with research expertise. He has participated in numerous clinical trials, published widely, and provides specialized care in cardiometabolic diseases, heart failure, and cardio-oncology.

Education

Fellowship - Cardiology

Duke University Hospital School of Medicine
2024

Residency - Internal Medicine

Stroger Hospital of Cook County (IL)
2020

Internship - Internal Medicine

Stroger Hospital of Cook County (IL)
2018

Medical Degree - Bachelor of Medicine, Bachelor of Surgery (MBBS)

Dow University of Health Sciences
2016

Board Certifications

Internal Medicine

American Board of Internal Medicine

Cardiology

American Board of Cardiovascular
Disease

State Medical License

Texas

Field of Experience

Cardiology & Internal Medicine
