

INTEGRATED SITE NETWORK FOR HIGH-QUALITY CLINICAL TRIALS

Revival Site Network is a leading integrated research site network serving diverse patient populations with clean, query-free data and patient-centric care. We streamline trial processes through innovative technology, reducing risk, minimizing errors, and improving efficiency for sponsors.

YOUR PARTNER FOR EFFICIENT CLINICAL TRIALS

From first-in-human studies to late-phase trials, our multi-site network moves protocols from feasibility to close-out faster, with cleaner data and stronger enrollment.

OUR FOOTPRINT

300+ Employees Nationwide

A growing team of clinical, regulatory, and patient-care professionals delivering efficient, patient-centered research.

Fast Study Start-Up

We activate sites quickly, speeding contracts, ethics approvals, and site initiations so trials launch without delay.

Highest Patient Recruitment

Our strategies deliver high enrollment and diversity, while strong retention keeps participants engaged to completion.

Query-Free Data

Meticulous QC and standardized systems ensure accuracy, fewer queries, and smoother regulatory approvals.
